

My Lovely Home

Be it India or be it USA,
Home is where my family is
Home is where my mom cooks delicious food
It always puts me in a good mood!

Home is where I feel like a princess
Home is where I make a little mess
It's where I keep my favorite things
Home is loving, caring and forgiving

Home is where all my toys are
All the fun and joys are
Home is where I play with my friends
We make forts and a few tents

Home is where I watch my TV shows
And gracefully dance on my tippy toes
Home is where I read my books
Home is where I write my own books too!

Home is where I play dress-up with my sister
Sometimes we fight, but we love each other
I am learning so much from her...
When she is away, I so miss her

Home is where I sleep in my bed

Home is where I see beautiful dreams

Home is where I sing my favorite song

Home is where I feel that I belong

Home is where we celebrate Diwali

Decorate my home with beautiful lights

Home is where we celebrate Christmas

When home is filled with gifts and hugs!

Sundays are special days at home

When my dad cooks for us!

Ooh, I love the eggs, potatoes and sausages

Making memories with Sunday brunches

Home is where I feel safe

Home is where my friends feel safe

Home is where I feel happy

Home is where I feel at peace

I really love my home

Home is where all are welcome

We have only one rule at home

Love and respect for everyone
