UPDATES FROM AACI

AACI continues to provide essential health and wellness services to underserved individuals and families in Santa Clara County through the COVID-19 pandemic.

AACI worked quickly to provide services virtually when possible and is implementing safety protocols for in-person care. We understand the communities we serve is particularly vulnerable during COVID-19 and we have adapted to meet these urgent needs. AACI’s Senior Wellness Center, which provides nutritious meals on-site, delivered 480+ meals every week to our seniors last year.

AACI’s Federally Qualified Health Center has been providing walk-up community COVID-19 testing and vaccinations. AACI was one of the first 1,148 sites to offer testing to seniors of abuse and exploitations through housing. And this past winter, AACI continued to provide holiday cheer through gift cards to our youth clients.
